Happy National Educational Support Professionals Day! Thanks for all you do!

American Education Week thoughts: According to the U.S. Bureau of Labor Statistics, in 2020, high school graduates earned an average of \$8,000 more per year than someone who left high school without their diploma. Those with an associate (2-year) degree earned an average of an additional \$8,000 more than the high school graduates. The increased earnings continued from there depending upon degrees and major chosen in 2- and 4-year schools.

Congratulations to
